The late Mr. Kikkeri Subba Rao who was once the Amildar of the Hegguadadevan kote Taluk built a Chattram at Kikkeri and made large cash endowments to it. They now amount to ~~Rs~~ Rs 20,892-14-10 and have been invested in the G.

	From the records received with the Deputy Commissioner's report to this Office it appears that it is inexpedient to allow a building being erected on the site in question as it would not only obstruct light and ventilation of the Chattram, but also deny to the institution the benefit of the well on that site which is its only source of water supply. The Builder is therefore of opinion that this site is a necessary adjunct to the Chattram and may be acquired at a cost of Rs 200/-, to which the petitioner Mahalakshmamma agrees

There are also two other sites to the north of the Chattram belonging to one Rama Naik and it is reported that if these also are acquired, the Chattram sites would all form a complete square. A sketch shewing the several sites in question is in the file.

The Deputy Commissioner, agreeing with the local authorities, recommends that the three sites in question may be acquired for the Chattram for about Rs 225/- under the Land Acquisition ~~Act~~ Regulation and the Sub Dn. Officer of French Rocks authorised to take orders for the acquisition. He has also forwarded the usual declaration statement for publication in the Gazette, and recommends that the cost of the acquisition may be met from the funds of the distn. is from the Comptroller's statement of balances of savings of Muzrai distns furnished to this Office, it is observed that the Chattram at Kikkeri had Rs 1,626-6-7 at its credit on the 30th June 1907.

again when I was at Kikkeri in May last. It is necessary to acquire the sites so that the Chattram may have a compound.

I am not sure if the provisions of the Land Acquisition Regulation are attracted. The Chattram was established by a private person; and is managed by him. The sites are required for extending the Chattram Compound. If this is held to be so then the acquisition of the land may be sanctioned. There is money available at the credit of the Chattram for payment meeting the cost of acquisition
